### **U Career Success to Host Google at the U Event**

SALT LAKE CITY, Utah – The University of Utah’s Career Success Center will host Google representatives October 15 and 16 on campus to speak to students of all majors about internships, career opportunities, and resume tips.

“Being able to see and meet individuals working at Google, a prestigious worldwide organization, who were students not that long ago, is such a valuable experience,” said Emilie Elmont-Davis, career coach.

The Google at the U event includes four information sessions for students to attend. The first session is October 15 3:00 to 4:00 p.m. for students interested in their BOLD internship program, which is for sophomores and juniors interested in non-technical careers at Google. October 15 from 5:00 to 6:30 p.m. will be an information session for Software Engineering internships and careers, targeted to third and fourth year students.

On October 16 12:30 p.m. to 2:00 p.m. there will be a session focused on resume prep and a Q&A session with Googlers, open to students of all majors wanting to learn. The last session on October 16 is 5:00 to 6:30 p.m. for first and second year students interested in computer science and software roles to learn about the STEP internship program.

Students interested in attending these sessions can learn more and register at [Google – U Career Success \(utah.edu\)](https://ucareer.org/google-at-the-u).
